

Manual Handling Instructor Training Course QQI FETAC Level 6

Course Duration: 5 Days, over 2 weeks

Times: 9.00 am - 5.00 pm

**Venue: B2 Centre Point, Business Park,
Dublin 12 or at your premises.**

Manual Handling Instructor Training Course QQI FETAC Level 6 at Guardian Safety gives participants the know-how, skilfulness and self-reliance to manage and deliver Manual Handling Instructor Training. Manual Handling Instructor Training is needed to complete Manual Handling risk assessments as required by "Part 4, Chapter 2, of the General Application Regulation Regulations 2007, Manual Handling of Loads", which says that staff engaging in manual handling actions must be given training in the safe manual handling of loads.

Course Content:

This course runs for 5 days over 2 weeks. Learners will gain the skills and knowledge to successfully deliver their own training course.

Day 1 - Covers Legislation for health and safety, particularly manual handling. The learner will gain a detailed knowledge of Acts, Regulations, Insurance, courts, employers and employees legal responsibilities.

Day 2 - Covers the risk assessment process, injuries and anatomy. Learners will be able to conduct detailed manual handling risk assessments and will be able to recommend control measures that will reduce the risk of manual handling injuries. They will also gain a good knowledge of anatomy and how injuries occur.

Day 3 - Covers Training skills. Learners will gain practical knowledge in the skills required to successfully deliver a manual handling training course. Learners will also cover the basics in safe lifting techniques.

Day 4 - Full practical day on lifting techniques. Learners will be able to lift a range of different loads including awkward loads, fluid loads, lifting up and down stairs, team lifts, pushing and pulling.

Day 5 - All Participants will deliver a 10 minute presentation on 1 topic from the manual handling course. In addition to this they will sit a one hour exam.

Additional Learning: All participants need to submit a detailed risk assessment which be conducted as self-directed learning. This must be returned within 2 weeks of the course.

Additional Training Opportunity: All participants will have the opportunity to deliver the course or part of the course under direct supervision in our training centre after they complete their Manual Handling Instructor Training Course QQI FETAC Level 6.

Guardian Safety Trainers:

Guardian Safety is a QQI registered training centre and all trainers are fully qualified Manual Handling Instructors, having achieved Level 6 in the National Framework of Qualifications. All trainers hold a minimum of Train the Trainer qualification and are fully qualified safety practitioners holding a minimum of a Diploma Occupational Health and safety.

Maximum Participants per Course: 10**Assessment:**

Assessment is made up of three parts - Skills Demonstration (60%), Theory Exam (20%) and Assignment (20%). Participants must pass all three assessments to qualify for award.

Refresher Training & Certification Validity Period:

Refresher training is recommended at intervals not greater than 5 years.

Additional Information:

DVD and laptop/projector presentation are used for this Manual Handling Instructor Training Course QQI FETAC Level 6. Notes on safe Patient Handling are provided for each participant.
